The fire and death investigation stemming from yesterday's apartment fire at 901 9<sup>th</sup> Avenue South in Moorhead continues to be on-going.

Investigators believe they have identified the two victims and are awaiting confirmation from the Ramsey County Medical Examiners office. State Fire Marshalls and Police Investigators have processed the scene of the fire and are continuing the investigation by interviewing believed associates to the deceased.

The Ramsey Medical Examiner's office is believed to be presently conducting the post exams on the victims and will advise our Investigators once their identity is confirmed. We have no time line as to when this will exactly occur. We are able to confirm that the victims are adults, one female and one male. Public release of the victims names would be pending notification to their families and the current status of the investigation.

At this time the investigation is considered a suspicious fire investigation.

The investigation is on-going.
